ABOUT

Incepted In The Year 2005, We "fine Ark Engineering" Are The Leading Manufacturer Of A Wide Range Of Autoclaved Aerated Concrete (AAC) Block Plants And Related Equipment. Such As Aac Plant Autoclave Manufactured Making Use Of Supreme In Class Material And Progressive Tools And Technology; These Are In Conformism With The Guidelines Defined By The Market. Along With This, These Are Tested On A Set Of Norms Prior Final Delivery Of The Order. We Also Offer Aac Autoclave Installation Service.

Since Our Inception, We Are Working Beneath The Supervision Of Mr. Amollh Rahane. His Enormous Knowledge And Information In This Domain Have Directed Us In Becoming One Of The Well-known Suppliers Of The Industry.

The Company Is Situated In Ahmednagar Midc Area Which Is 120 Km From Pune And 275 Km From Mumbai. We Have Reached The Success Within A Short Span Of Time. We Have Continuously Worked With Complete Dedication In All The Departments And Come With Rewarding Results. We Made A Beginning With Minimum Infrastructure In Capital Equipments. It Was Our Commitment And Hard Work That Made Us A Known Entity In This Sphere Of Operation In The Market. Presently, We Have A Team Of Talented Engineers, Technicians And Other Workers Who Work Hard To Fabricate Best Quality Aac Plant Equipments.

Fine Ark Engineering Is Known For Its Quality And Customer Focus, With A Strong Presence In The Indian Market.

KEY FEATURES OF FINE ARC ENGINEERING

AAC PLANT MANUFACTURER

They Specialize In Designing And Manufacturing Complete Aac Block Plants, Including Autoclaves And Other Equipment.

EQUIPMENT VARIETY

They Offer A Diverse Range Of Equipment, Such As Horizontal And Vertical Cutting Machines, And Autoclaves , Horizontal Vertical Cutting Machine, Batching Unit , Silo And Turn Key Solutions For Aac Plant .

LOCATION

They Are Based In Ahmednagar, Maharashtra, And Serve The Broader Indian Market.

QUALITY AND CUSTOMER FOCUS

They Prioritize Customer Satisfaction And Strive To Provide High-quality Products & Services.

ESTABLISHED PRESENCE

Fine Arc Engineering Has Been In Business Since 2005 And Is A Well-known Name In The Aac Block Plant Industry.

OUR VISION & OUR MISSION

M/s Fine Ark Engineering Envisions Itself To Be A Leading Company In The Heavy Industry As A Preferred Sourcing Point For Bulk Requirements Of Various Plants.

To Establish Standard Manufacturing Processes And Best Quality Practices.

To Deliver Value To Customers Through –

- Cost Effective Products,
- World Standard Quality Built In To Products
- On Time Delivery.

Objective Is To Offer A High Quality And Highly Standardized Product At Competitive Prices And Low Delivery Times.

AAC AUTOCLAVE

The Cut Green Cake Completes Hydrothermal Reaction In The Autoclave. In The Autoclave We Are Going Through Four Processes Vacuuming-heating Constant Temperature-cooling To Get Final Product. Autoclave Used For The steam Curing Of Cake To Give Strength To Blocks/Panels. Autoclave Sizes Are As Per Customer Requirement.

- Ø 1.8 Mtr X 20 Mtr , 25 Mtr , 30 Mtr In Length.
- Ø 2.1 Mtr X 25 Mtr , 30 Mtr , 36 Mtr In Length.
- Ø 1.6 Mtr X 20 Mtr , 25 Mtr, 30 Mtr In Length.
- Ø 2.6 Mtr X 25 Mtr , 30 Mtr , 40 Mtr In Length.

At Fine Arc Engineering, Our Aac Autoclaves Are Design & Manufactured Under Guidance Of Experts In Pressure Vessel & Aac Industry. We Design & Manufacture Autoclave As Per Asme Sec Viii, Divn I. Autoclave Made From Special Boiler Quality Sa 516 Gr 70 Material, Welded And 100% Radiograph Test Is Conducted For Complete Safety Assurance. Autoclaves Are Fitted With Safety Valves, Condensate Removal Valves, And Are Insulated With Best Quality Insulating Material.

As A Trusted Supplier Of Aac Autoclaves, We Offer Comprehensive Support To Our Customers, From Supply, Installation And Commissioning To After-sales Service.

WHY US?

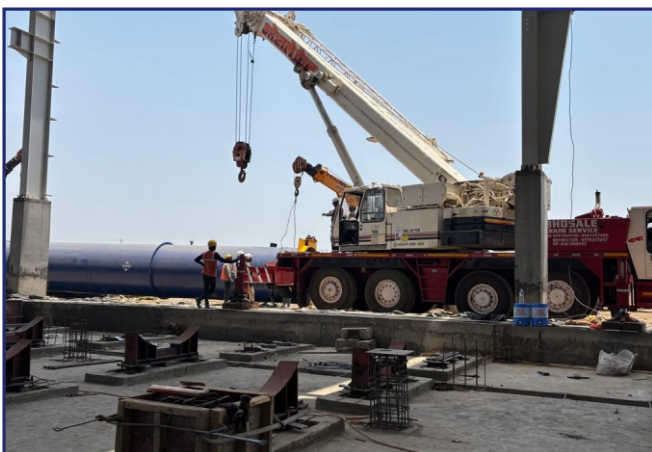

In Order To Maintain The Reputation We Have Developed Over The Years, We Are Indulged In Providing Supreme Grade Products To Our Patrons.

Following Are The Reasons Behind Our Accomplishment

- Flexible Payment Modes
- On Time Delivery
- Huge Distribution Network
- Ethical Business Strategies
- Clarity In Deals

Our Infrastructure

Since beginning, our company has developed a technically sound infrastructure base at our premises which is backed with sound equipment, apparatus and advanced machineries. Our infrastructure workplace is sprawl over a huge area of landmass and is correctly segmented into several departments such as manufacturing, warehousing, R&D, logistics and quality.

Explore Our AAC Plant Equipment Available

- Batching Unit for AAC Plant
- Horizontal & Vertical Cutting Machine For AAC Plant.
- D-Molding Crane & structure For AAC Plant.
- Mould Box (1 CBM to 4 CBM)
- Base Plate /Mould Plate .
- Silo
- Fly-ash Slurry Preparation & Storage System.
- Control Panel.
